Supplement 6. CL images of zircons with a analyzed spots

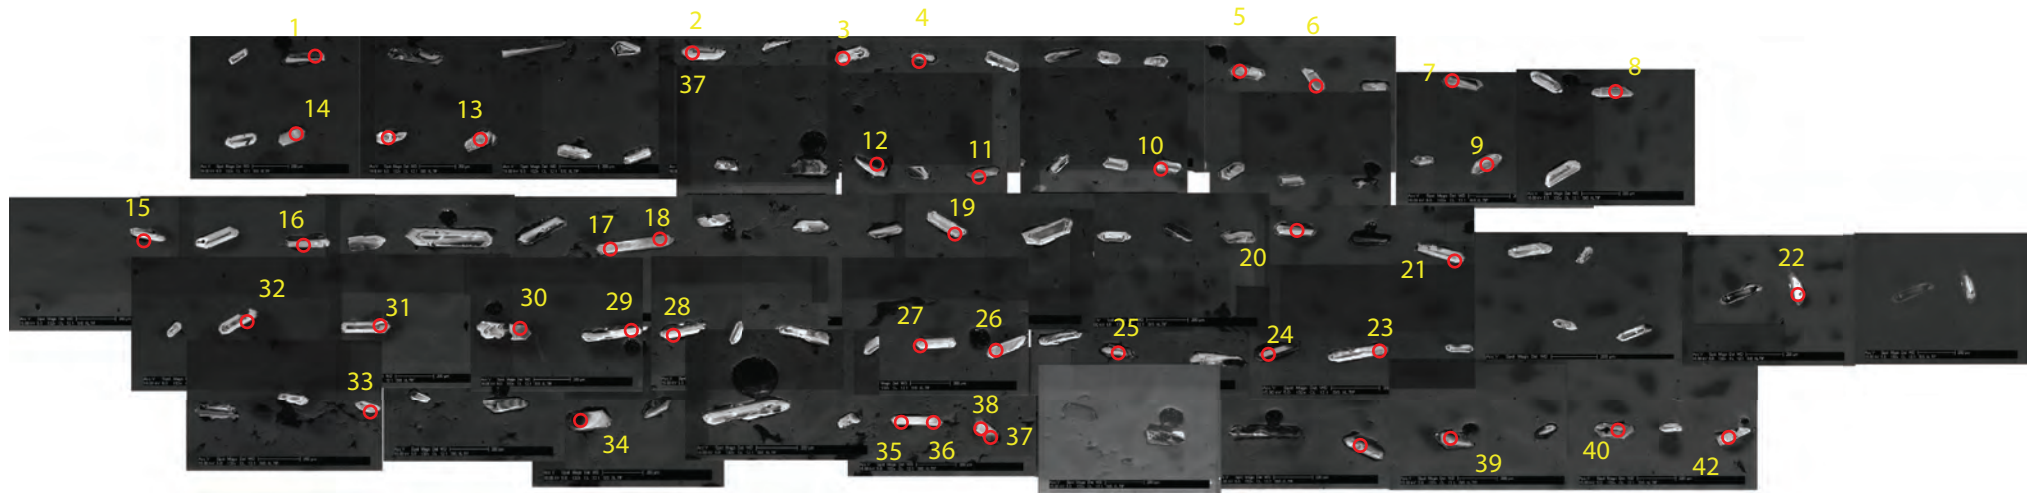

CH-031	White Pine phase
CH-036	Clast from pebble dike from East Traverse Mountains
CH-039	Matrix of pebble dike from East Traverse Mountains
CH-053	Red Pine porphyry
CH-072	Little Cottonwood stock
CH-073	Little Cottonwood stock
CH-074	Little Cottonwood stock
CH-108	White Pine phase
CH-115	Red Pine porphyry
CH-127	White Pine phase
CH-160	White Pine phase

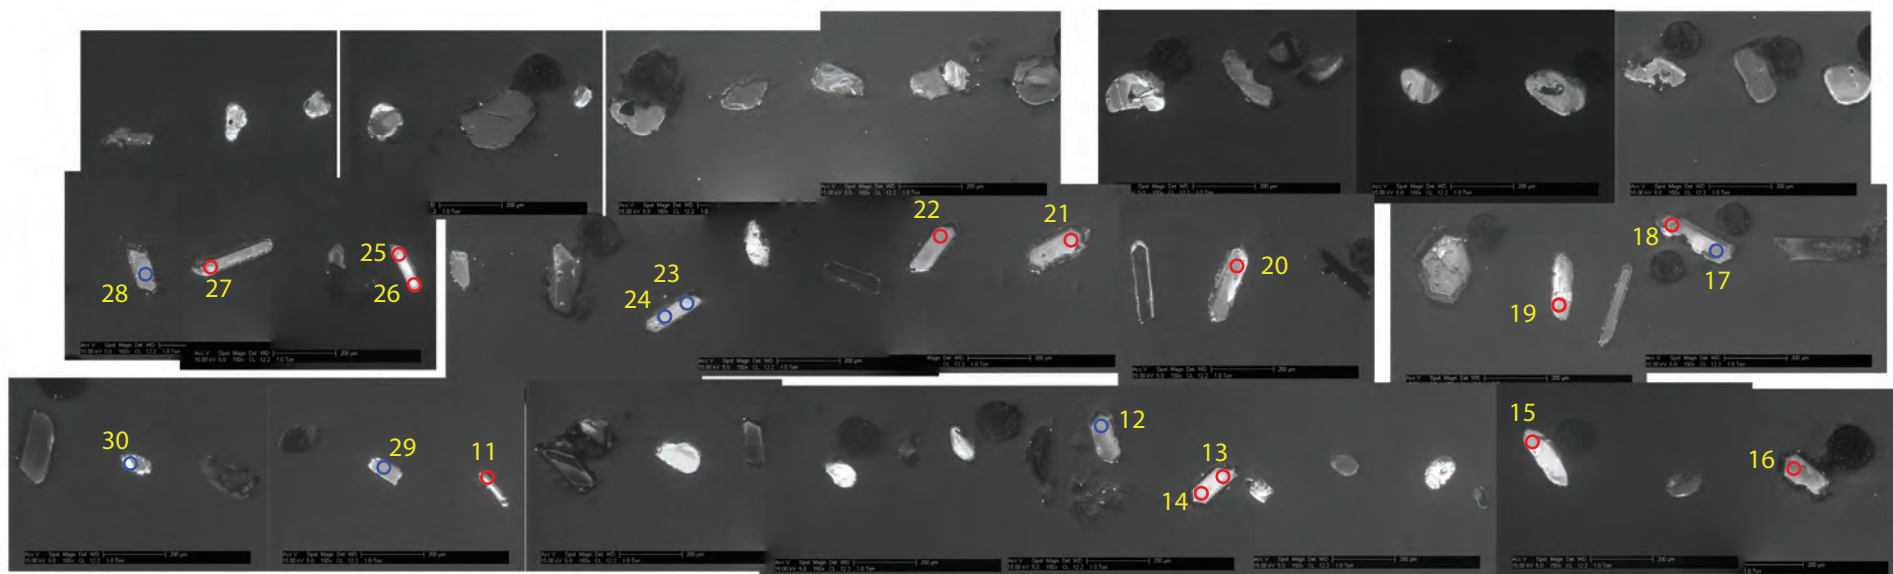

CH-031
Mo Mineralized White Pine

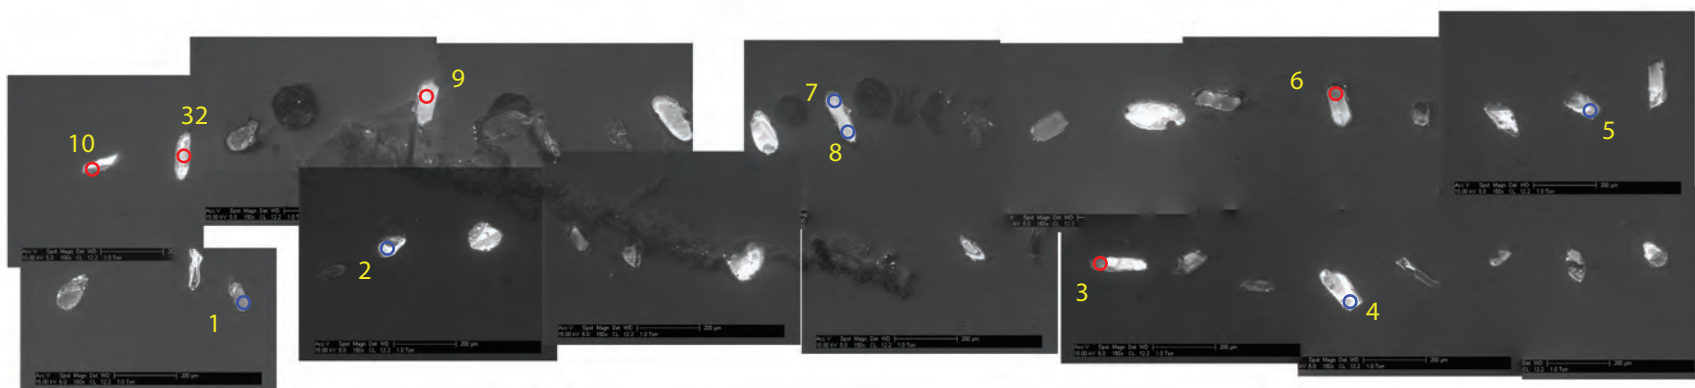

CH-036

Little Cottonwood stock clast in pebble dike on East Traverse Mountain

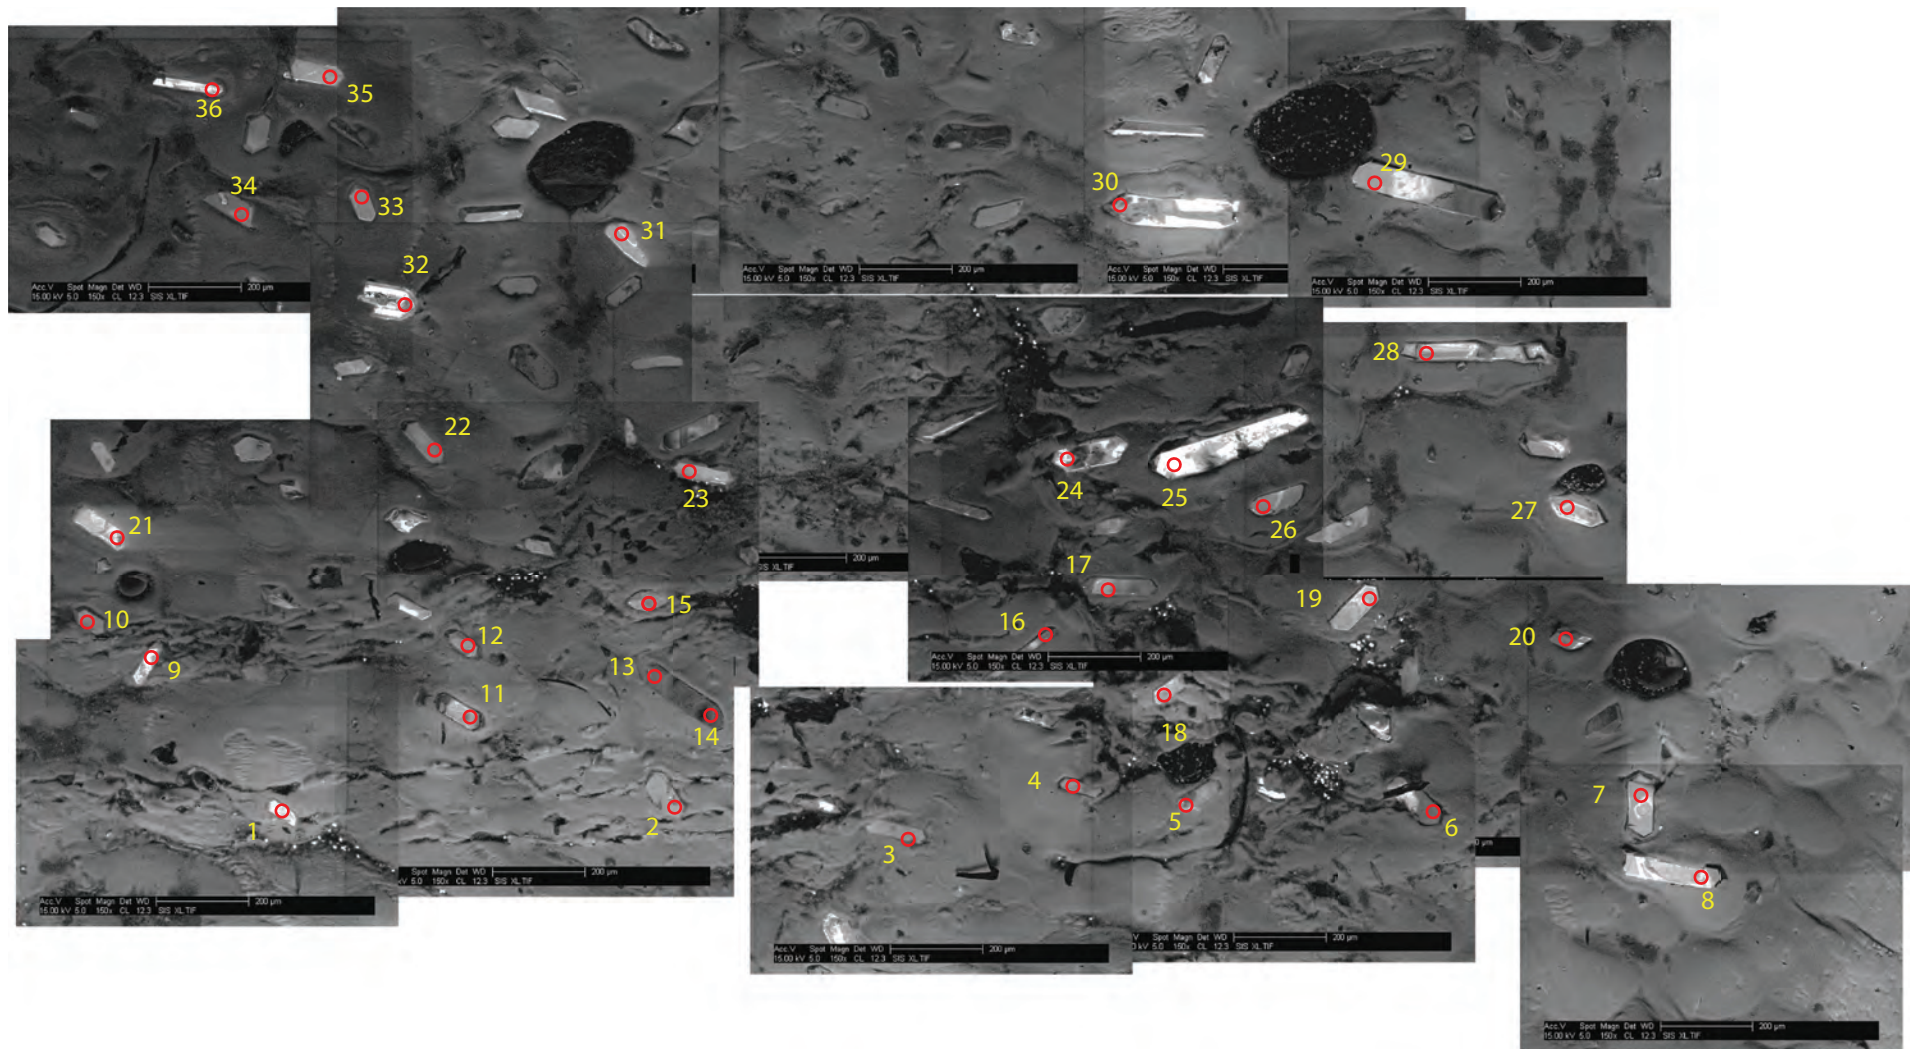

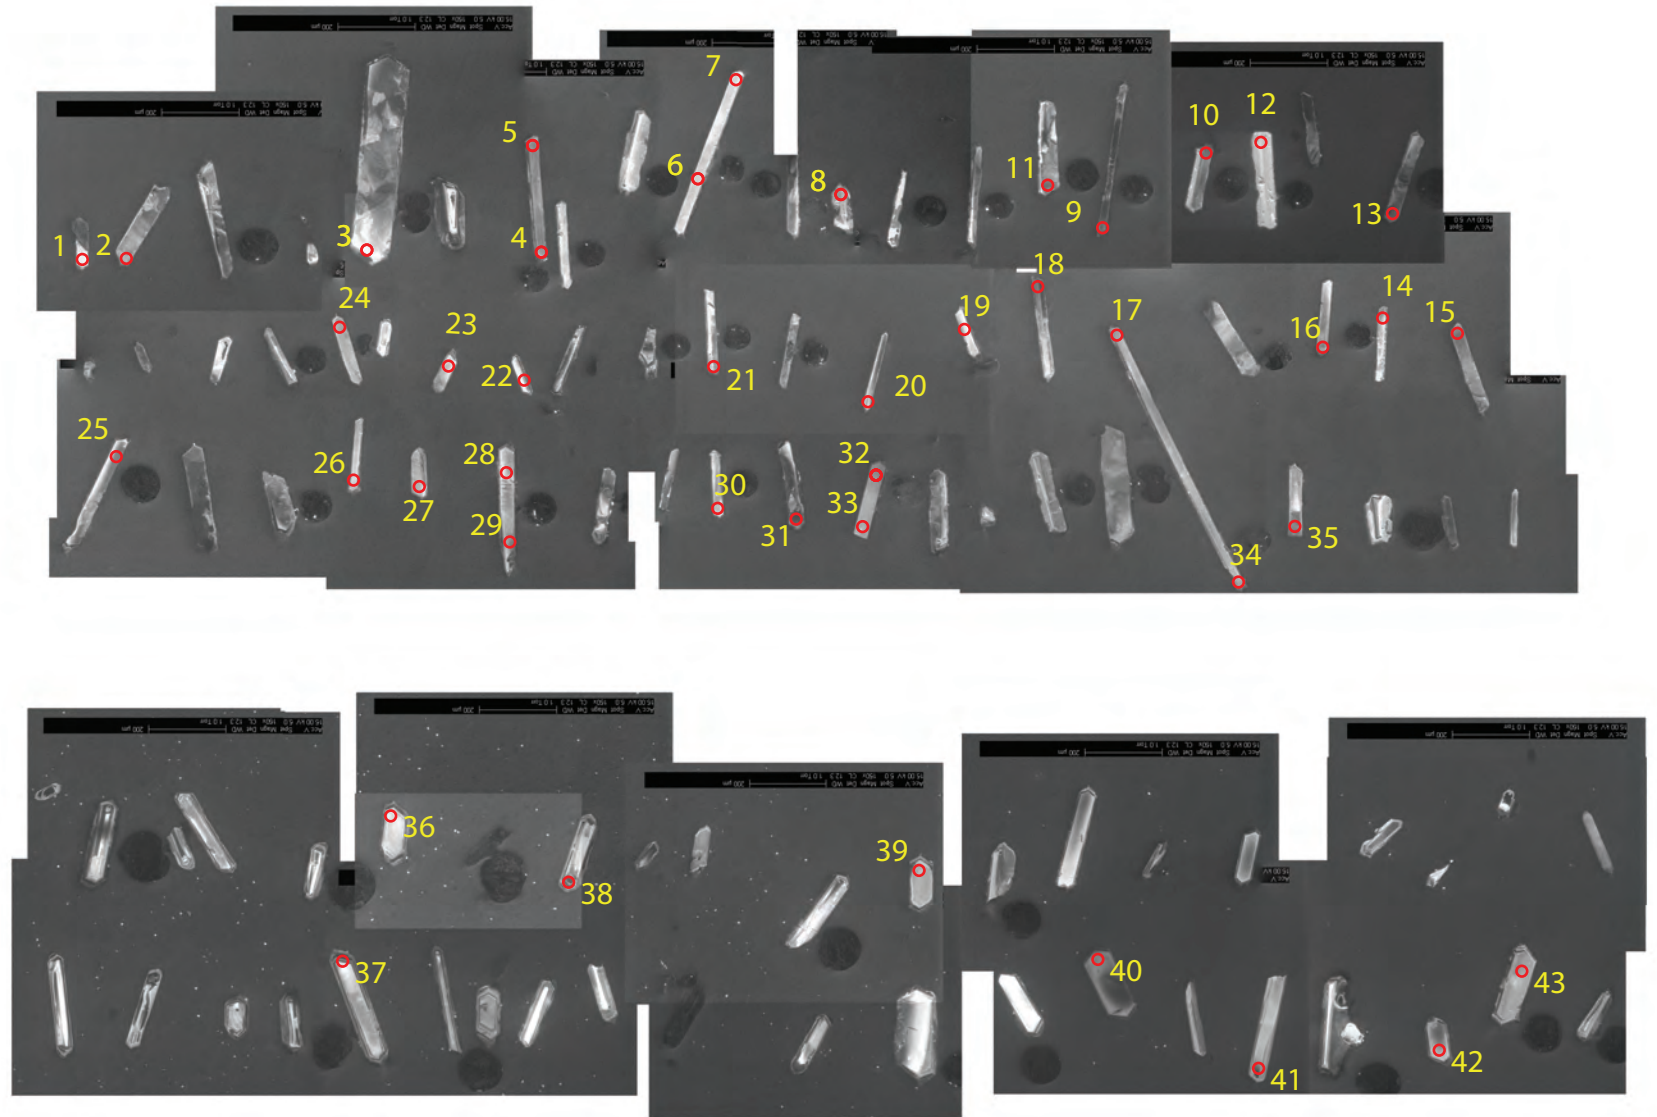

CH-39
Pebble Dike Whole-rock
Blue dots are Precambrian xenocrysts

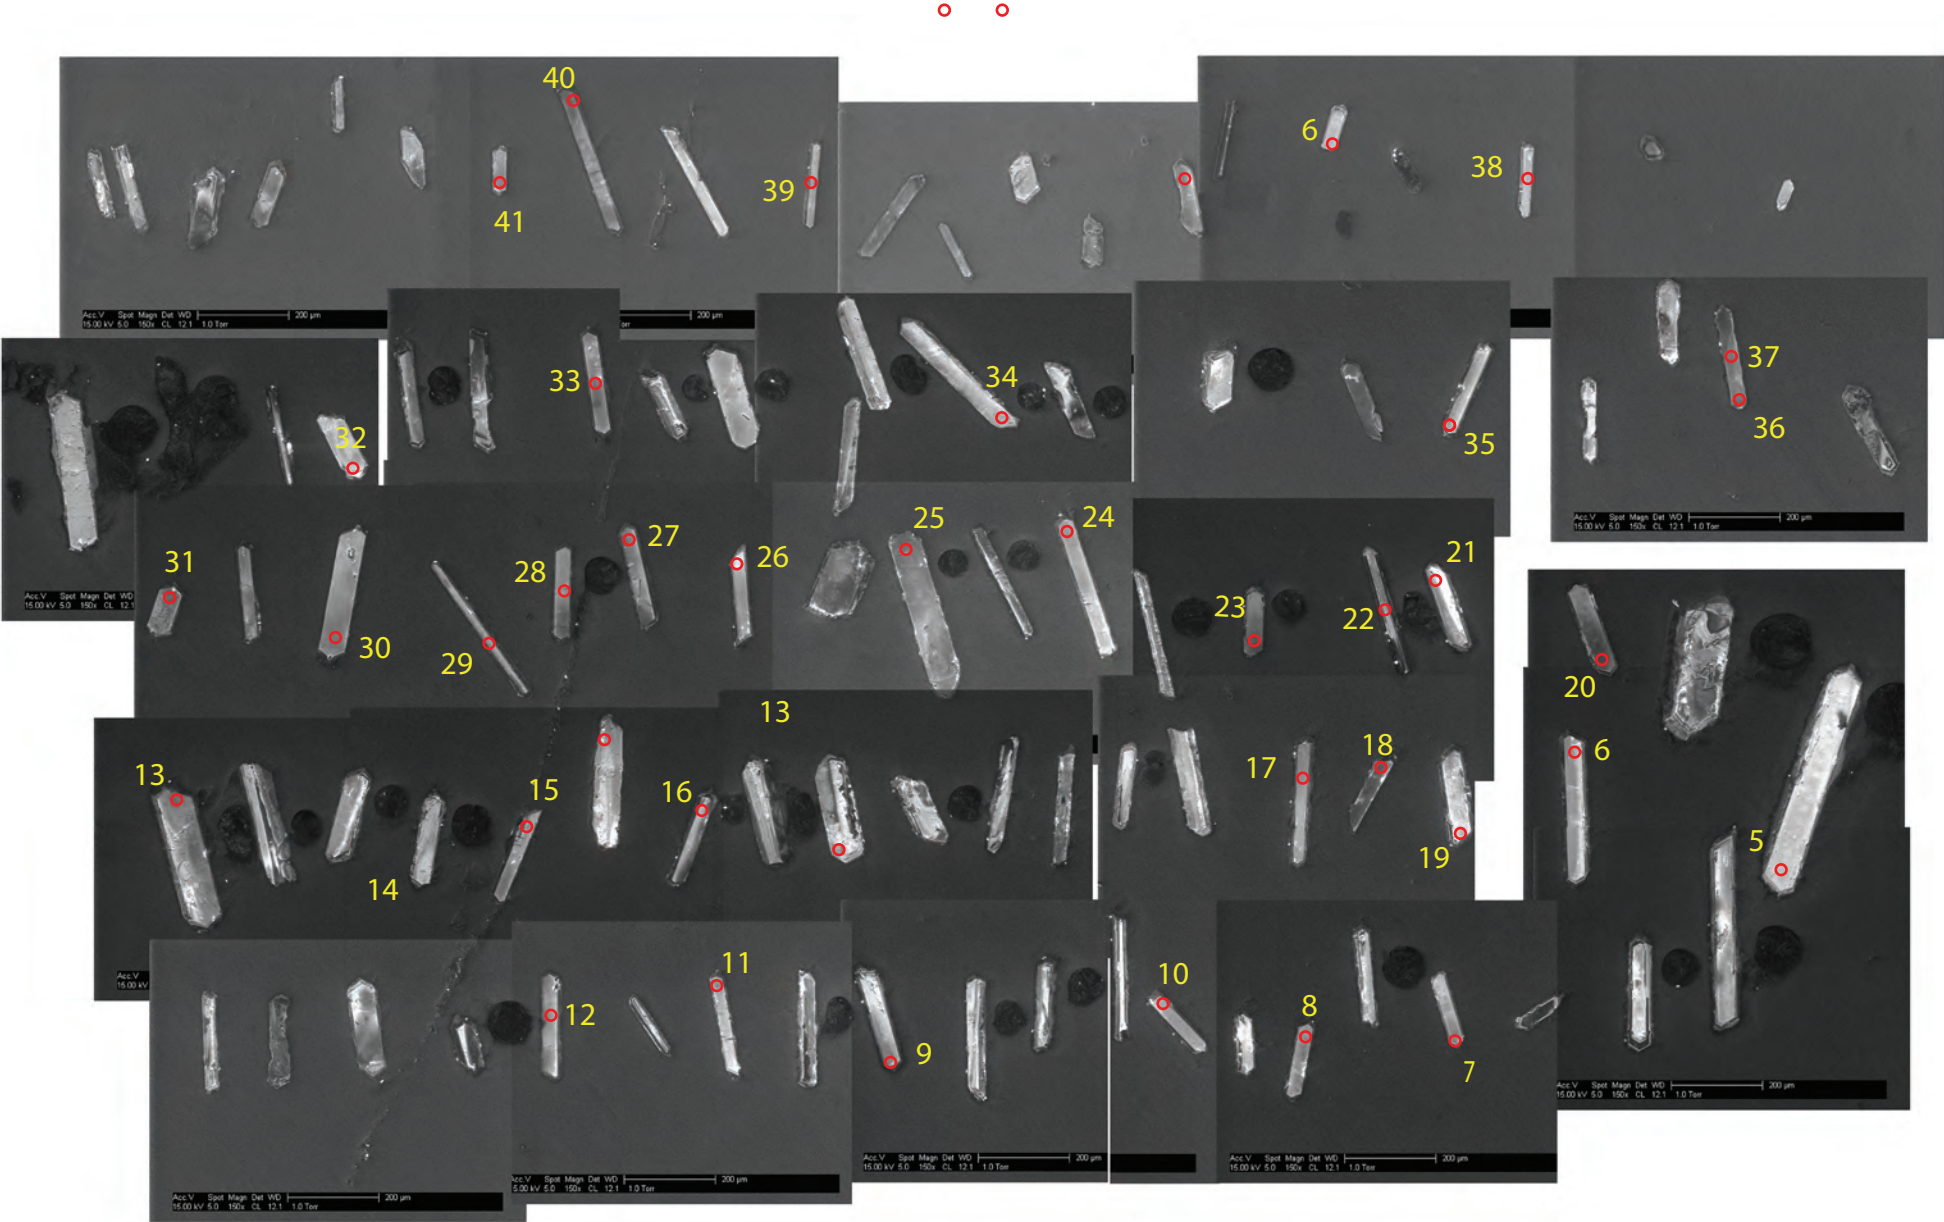

CH-053
Red Pine phase
Phaneritic texture

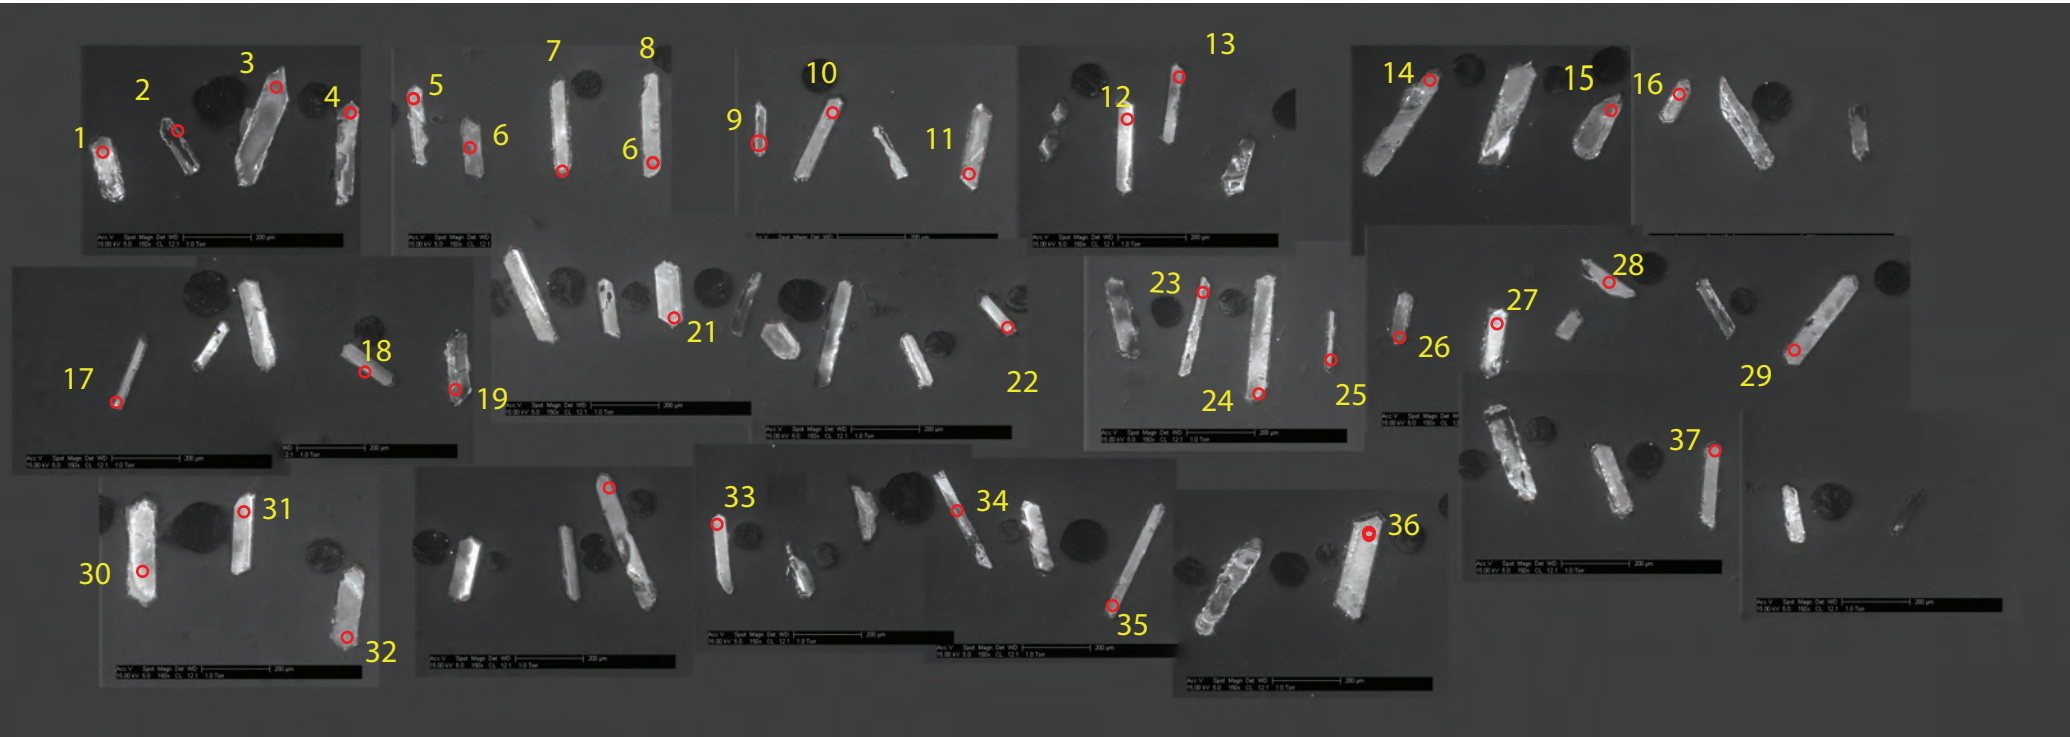

CH-072
Little Cottonwood stock

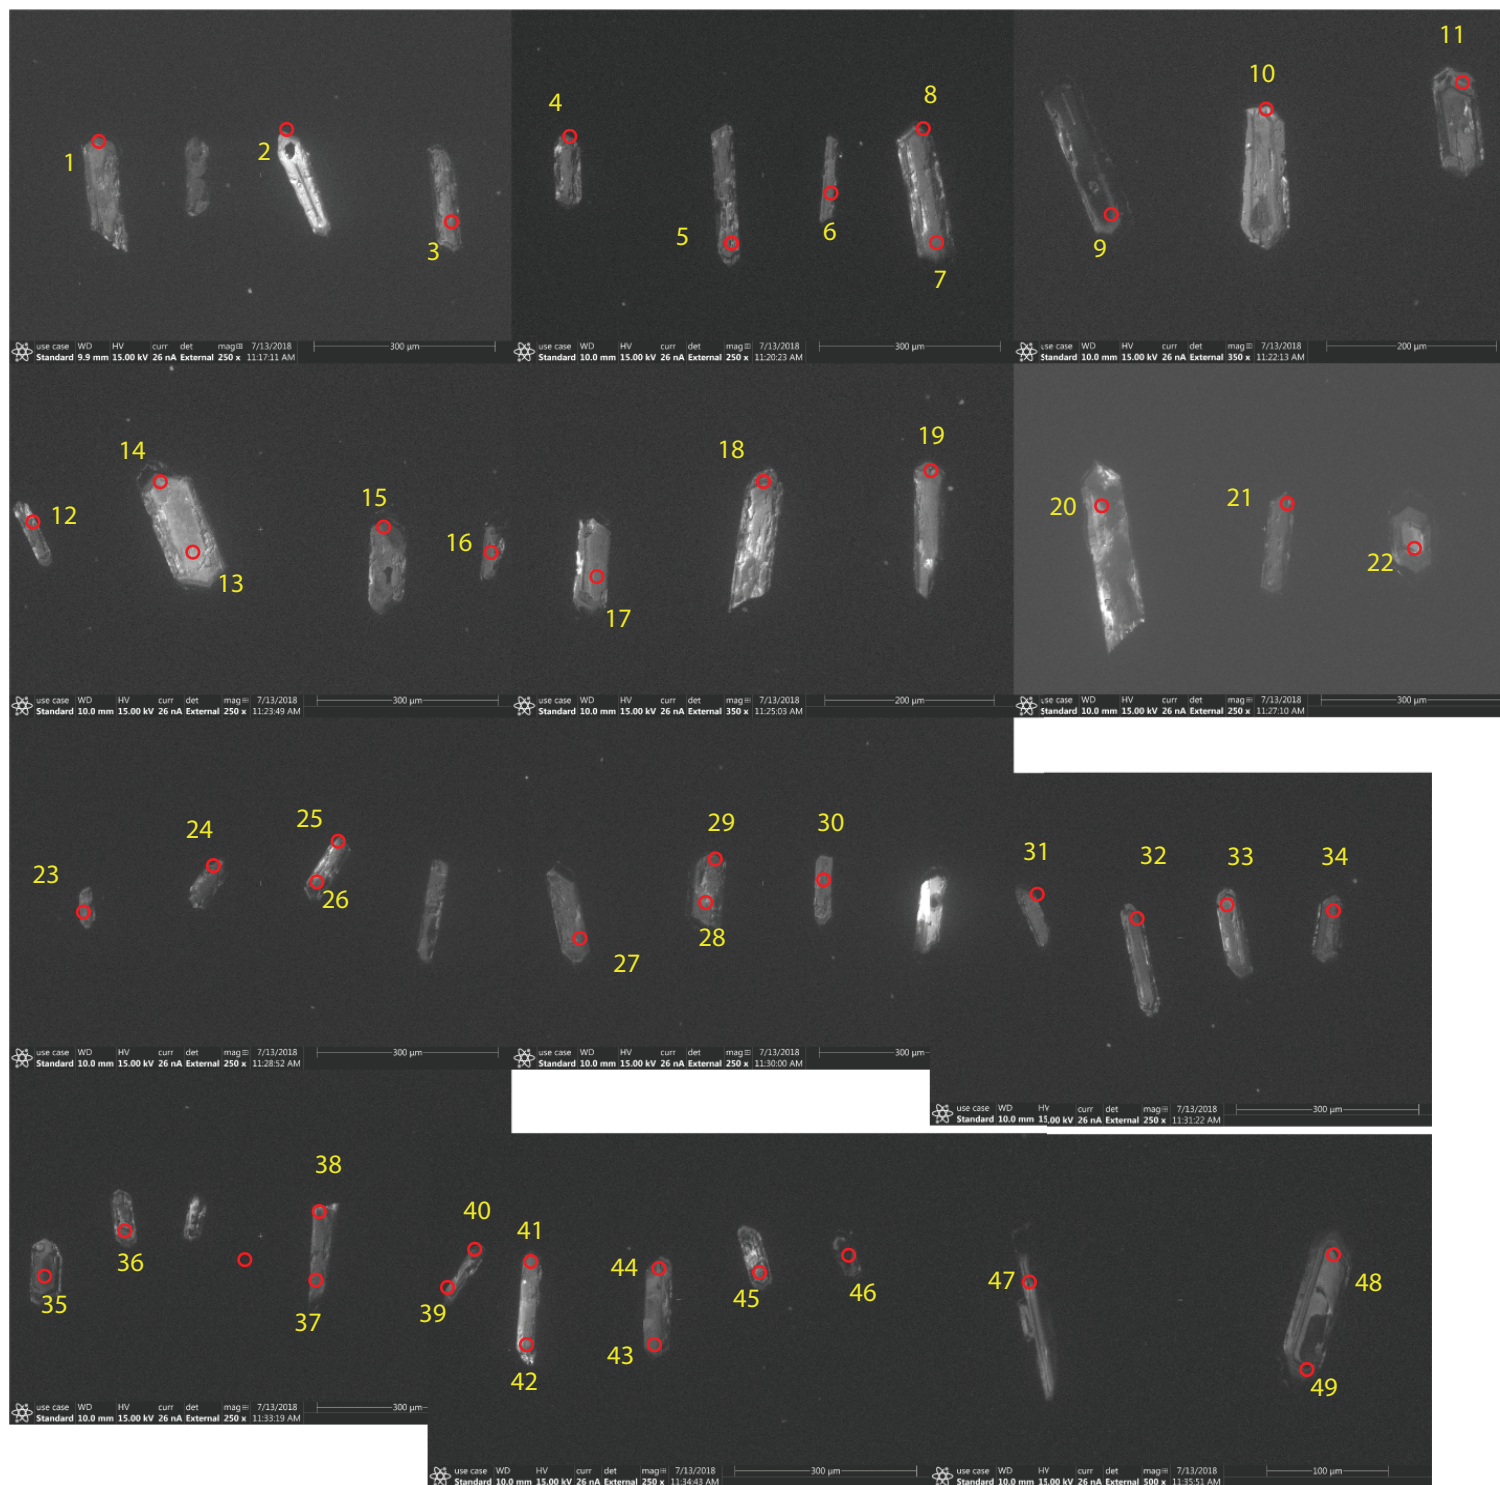

CH-073
Little Cottonwood stock

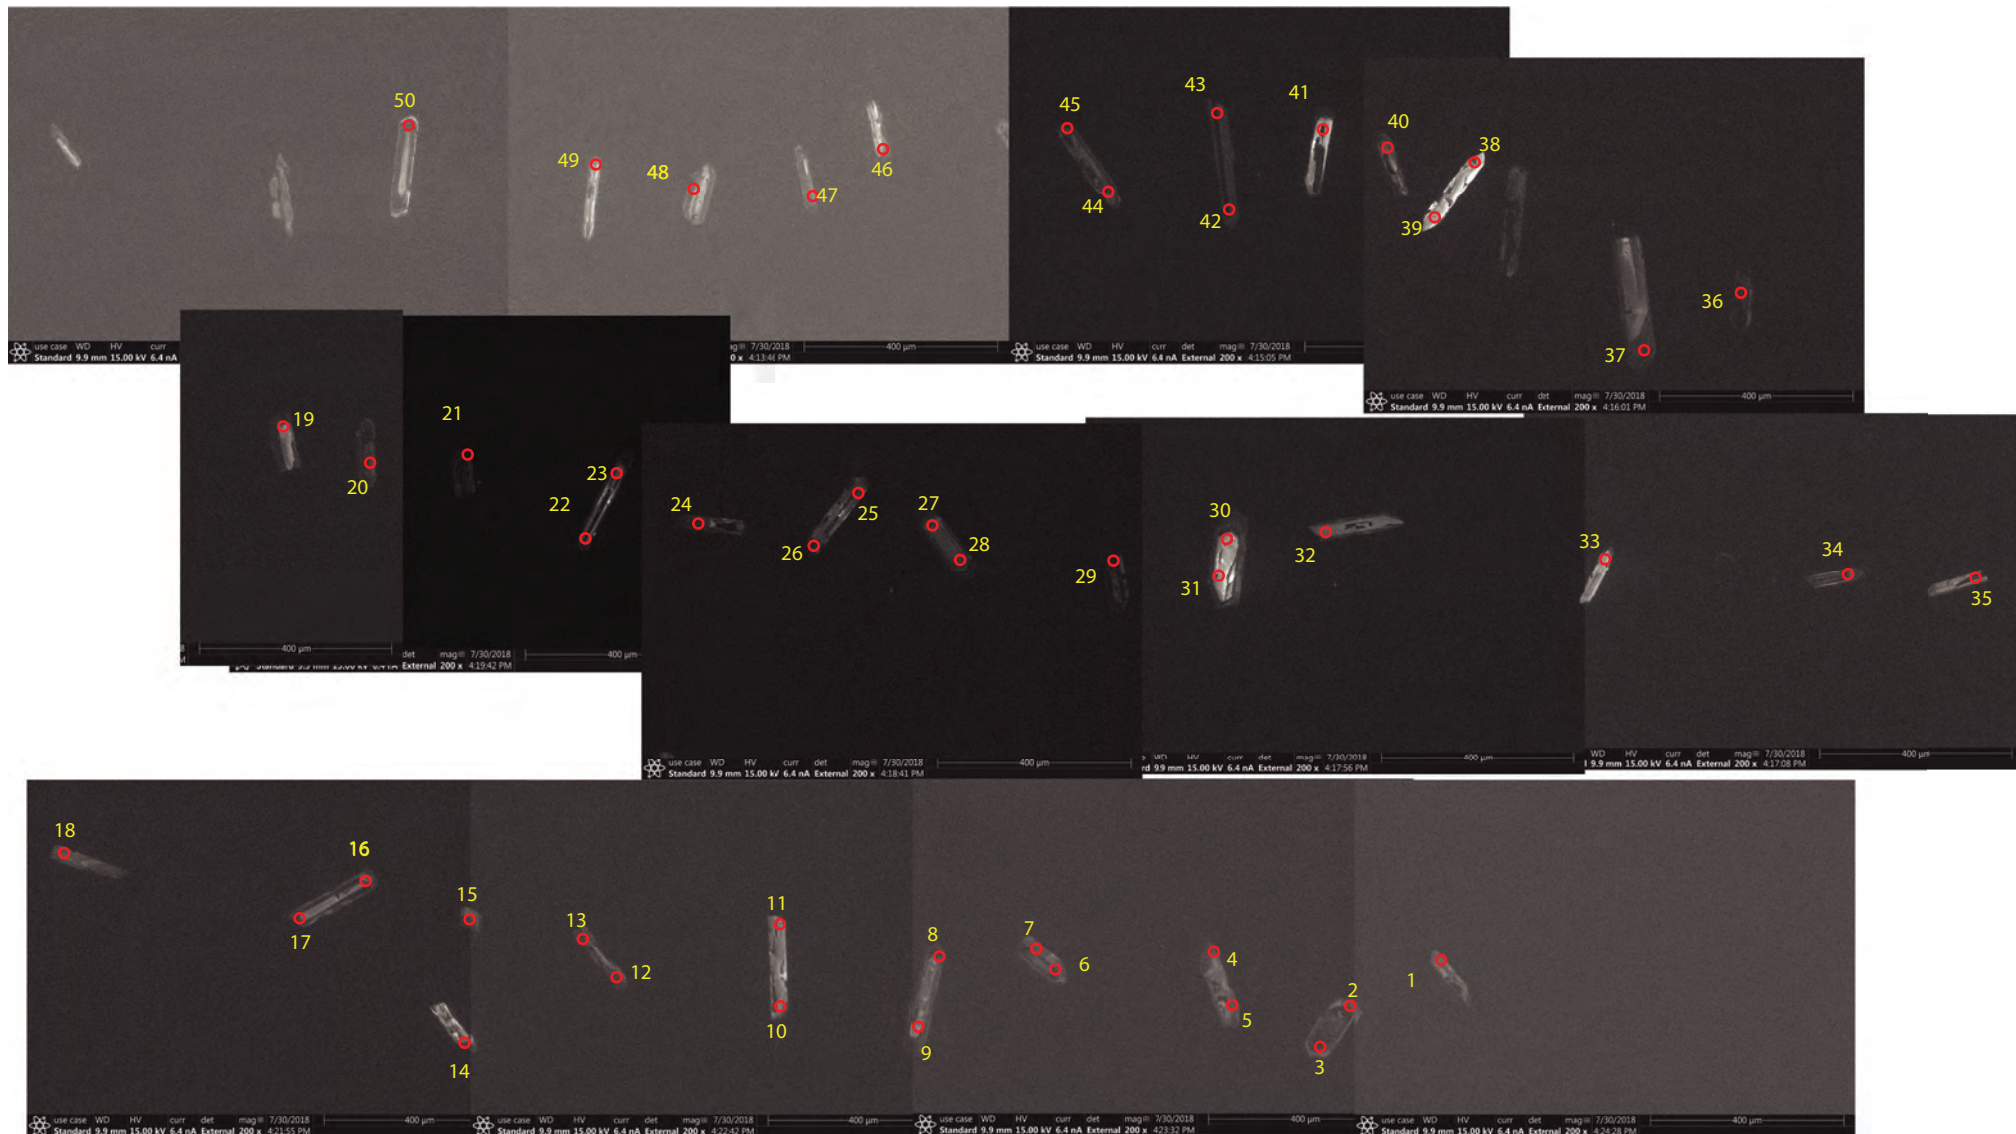

CH-074 Little Cottonwood stock

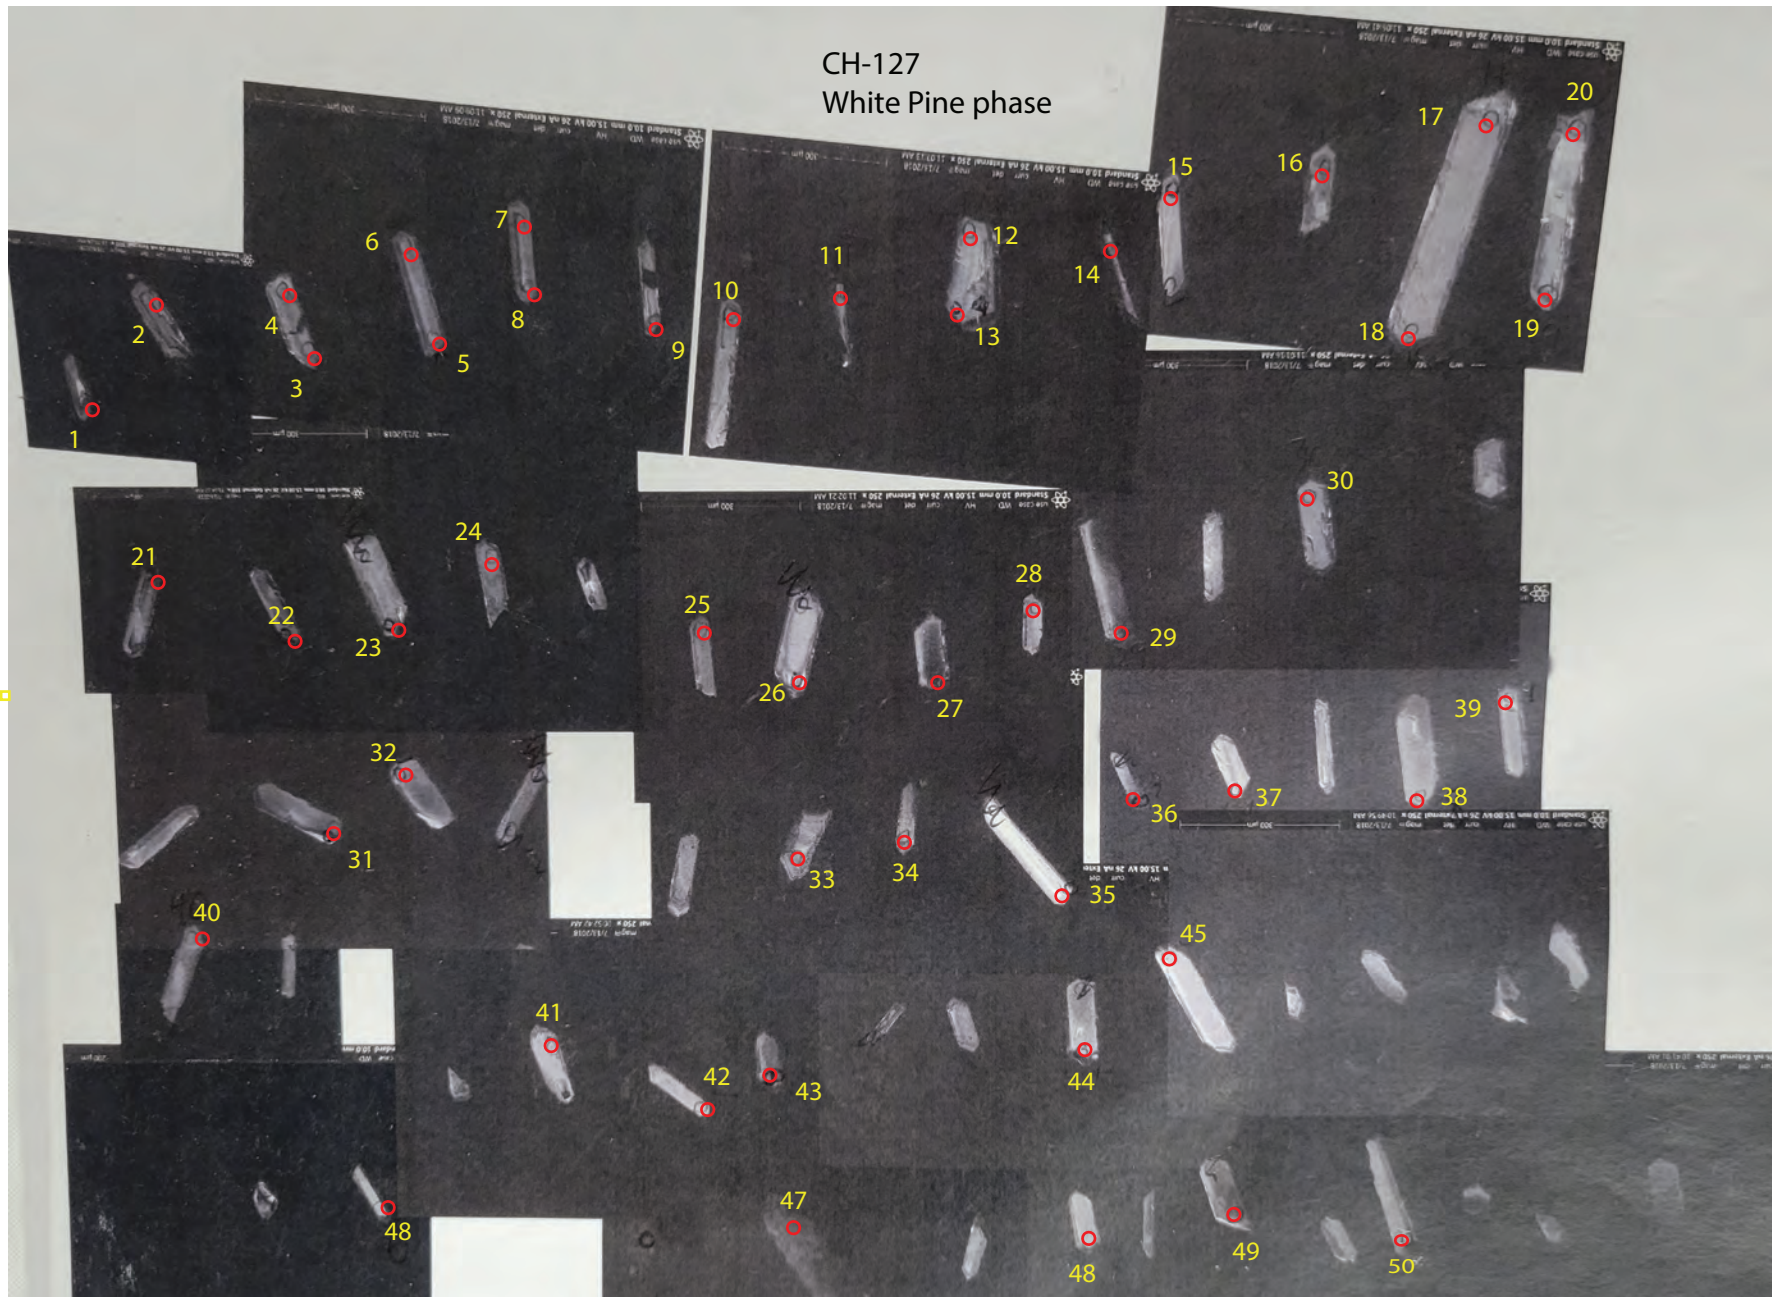

CH-108
White Pine phase

CH-115
Red Pine Porphyritic

CH-127
White Pine phase

CH-160
White Pine phase
