Supplemental Material

Table S1. U-Pb zircon geochronology results of Late Archean Wuchuan ultramafic-mafic complex and Paleoproterozoic intrusions.

Table S2. U-Pb baddeleyite geochronology results of Yongli carbonatite sample.

Table S3. Whole-rock geochemistry data for the 21 samples from the Wuchuan ultramafic-mafic complex and Paleoproterozoic intrusions.

Table S4. Whole-rock geochemistry data for 7 Yongli carbonatite samples.

Table S5. Sr-Nd isotopic data of the Wuchuan ultramafic-mafic complex and Paleoproterozoic intrusion samples, and C-O isotopic data of the Yongli carbonatite samples.
